25X1A

1. Attached hereto is a copy of a memorandum from [REDACTED] to the Finance Branch dated 22 January 1951. The subject of that memorandum is [REDACTED] - Reimbursement to Career Agents for Use of Personal Automobiles". According to that memorandum certain career agent contracts apparently provide for reimbursement of mileage in excess of the 7¢ per mile authorized under paragraph [REDACTED]

25X1A

2. In certain areas of the world where reimbursement is made for use of automobiles, the mileage costs are in excess of the 7¢ per mile limitation mentioned above. It is suggested that [REDACTED] be amended to provide for a more liberal mileage where the circumstances warrant. It would not appear desirable that only the ADSO could approve reimbursement in excess of 7¢ per mile, specifically and in advance, nor would it appear to be desirable to establish a specific limitation in the regulation.

25X1A

3. The Finance Branch as a result of receiving actual expense accountings from many areas of the world is in a position to recommend appropriate mileage rates. It is suggested that Division Chiefs concerned be authorized to approve appropriate mileage rate after consultation with the Finance Branch as to the probable costs.
